11 · THE ASK

Raising **US\$100,000** investment to take Yai from 21 to 25 factories.

ALLOCATION	%	WHAT IT UNLOCKS
1 · Technology	50%	Higher-capacity Ai servers to train our own LLM in-house · developer-grade machines
2 · Local supplier onboarding	30%	City office and training centre in Phnom Penh — neutral ground, 2–3 training rooms
3 · Inventory	20%	AIoT stock ready: face-scan machines, meters, sensors — connect a factory the week it signs
4 · Working capital	0%	Already covered by revenue — Yorkwell funding and client subscriptions

FOUR MILESTONES

1. 25 paying factories in Cambodia
2. Anthropic Partner Network confirmed
3. Layer 3 live at five factories
4. Series A by Q4 2028

BEYOND CASH

Strategic build partners · shared space and events in new markets · data-centre and GPU alliances. Each opens a faster lane without changing how the platform is built.

The only Commercial Ai MiP for the Soft Goods industry.

40 years of industry experience · 20 Ai engineers

Built with Claude, Google and NVIDIA technology.
