COMPLETE PAYMENT

05

Payment succeeds

- Payer confirms and pays inside ABA's window.
- ABA shows its Success screen; the payer taps "Continues".
- The charge and our ledger are already recorded server-side.

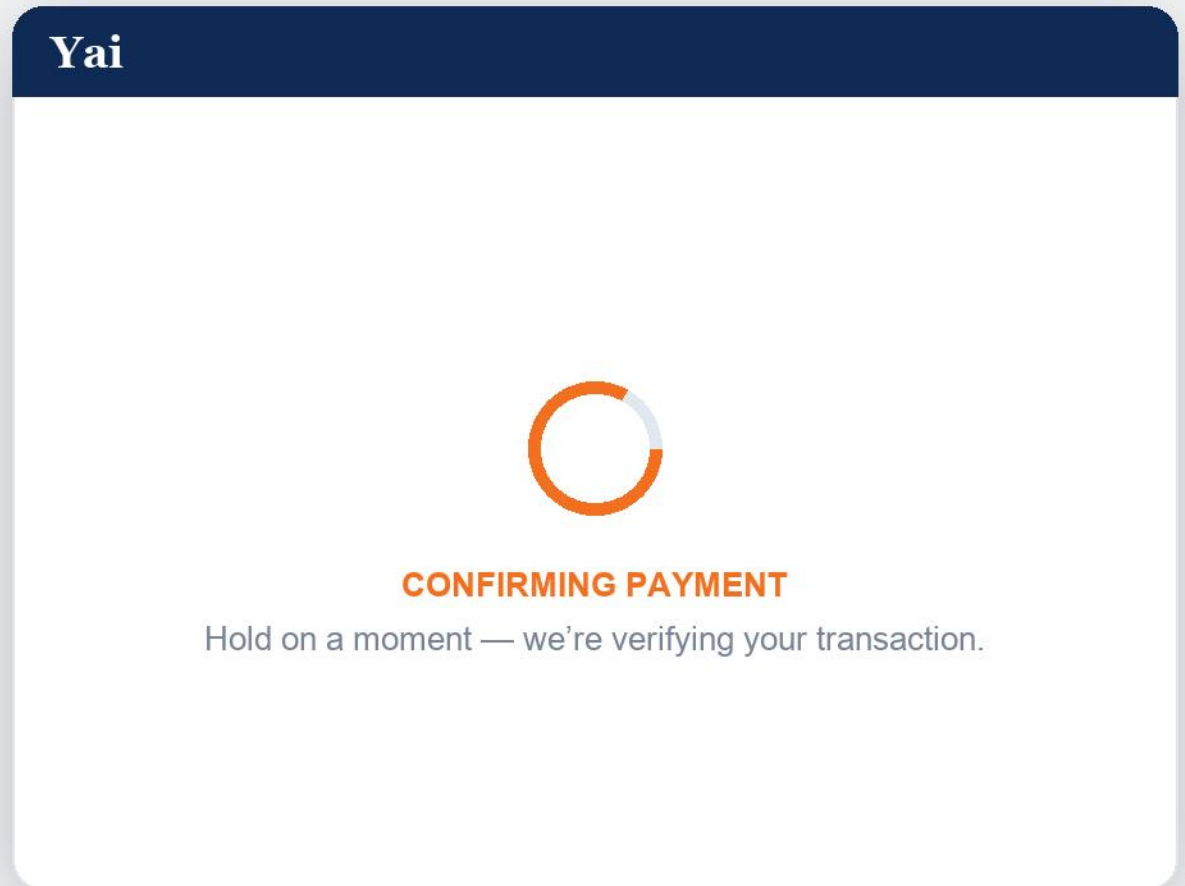

Customer Payment Flow

CONFIRMING

06

A brief loading screen while we confirm

- The payer completes the payment inside the ABA popup.
- On return we verify the transaction server-side — the browser redirect alone is not proof.

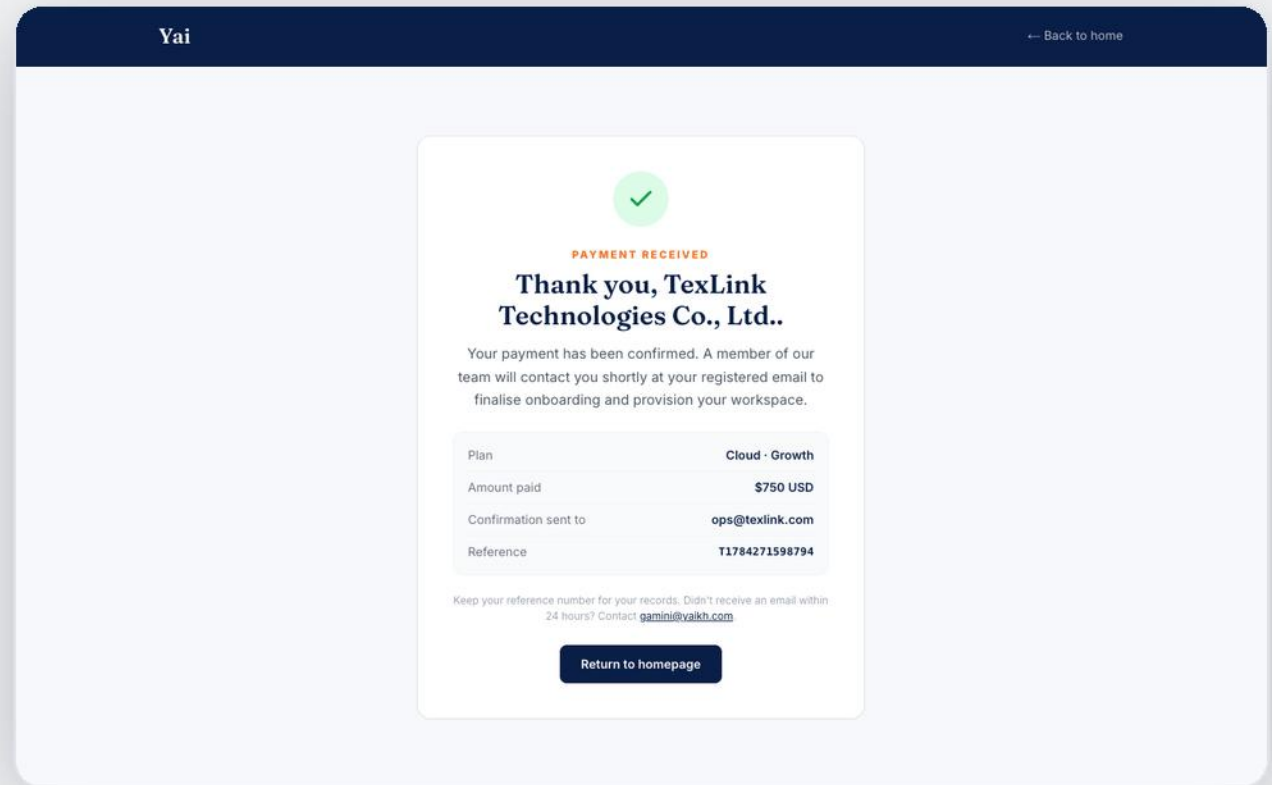

THANK YOU

06

Redirect to the confirmation page

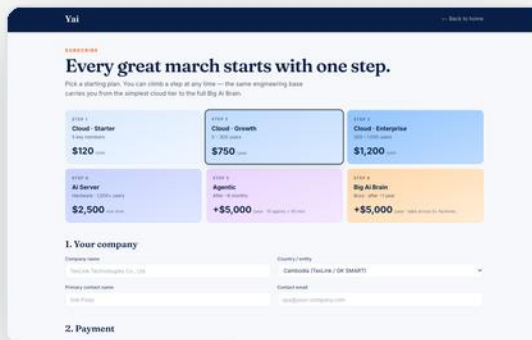

- Once verified, the professional Thank-you page appears.
- Shows plan, amount paid and reference number.
- Our team follows up by email to finish onboarding.
